Arrived early and is exactly as described.

Book was in excellent shape; great value for the price!

Even as a refresher, this book is a great read.

This edition has some new additions, but is equally as objective and historically correct as the first edition. This version did not disappoint me, as some later editions do..

I despised this class, and the book was highlighted the entire way through. Slightly annoying.

Perfect condition, used it for class.

Quick delivery. As described.

Thanks.
