A Guide To The Great Gardens Of The Philadelphia Region

Synopsis

Philadelphia and its surrounding towns--the horticultural epicenter of the U.S.--has more public gardens than almost any other region in the world. This indispensable, pocket-sized guide helps residents and visitors locate and enjoy nearly 100 gardens.

Customer Reviews

"I am thrilled to finally see such a thorough and useful guide to the gardens of the Delaware Valley. A Guide to the Great Gardens of the Philadelphia Region will make a wonderful addition to any garden lover's library. Adam Levine and Rob Cardillo are the perfect guides-bringing these gardens to life in word and image. Their knowledge about the gardens in our area makes this an invaluable book indeed."
—Jane G. Pepper, President, Pennsylvania Horticultural Society

Adam Levine is an award-winning garden writer whose work has appeared in many regional and national magazines. He is also co-author of *The Passion for Gardening* and *The Philadelphia Flower Show*. He lives and gardens in Media, Pennsylvania. His website is www.PhillyGardenGuide.com. Rob Cardillo is a Philadelphia-based professional garden photographer. Formerly the Director of Photography at *Organic Gardening* magazine, his work now appears in *Garden Design*, *Horticulture*, *Better Homes and Gardens*, and numerous other magazines. He has authored two books and was the photographer for *Flowers White House Style*, *HGTV Landscape Makeovers* and *The Perennial Gardener's Design Primer*. His website is

The publishing of this book coincides with the 2007 Annual Philadelphia Flower Show. It covers roughly 40 or so of the major public gardens in the Philadelphia area. Nice design by Philadelphia firm of Joel Katz who have formatted the information in a user-friendly layout. Maps, color coding and tabs make it very easy to locate specific gardens. The photographs by Rob Cardillo are beautiful and, even at their small size, capture the gardens at their peak. Adam Levine's brief descriptions and histories of each garden are succinct without being overly dry. My one disappointment is that, with the exception of the Azalea Gardens by the Art Museum, the Japanese House, and the West Laurel Hill Cemetery, and a brief description of the Horticultural Center, the authors do not detail the scope, history, and hidden gems of the Fairmount Park system. Granted, and due to the state of upkeep, the park may no longer be called "great." But the park is still the "lungs of the city" and has its surprises: The miraculous row of dozens of cherry trees that create a wonderful pink line towards the Japanese House every Spring, and the natural walking and bike paths that surround the Horticultural Center are just a couple of these "secret" gems. At a time when Philadelphians are talking of creating new green areas, Fairmount Park deserves our attention, our love, and our care. Overall, a very good guide to Philadelphia garden treasures for visitors and locals alike.

Excellent overview of Philadelphia's gardens, arborvitae, and horticultural sites. Easy to navigate, with good information and pictures of the various gardens. A great resource for Delaware Valley visitors, but for residents as well since it includes many lesser known gardens.

a must-have for visiting the Philadelphia region. HOWEVER, addresses are not always accurate for modern car GPS navigation. Find the web site of the garden on your smart phone and get directions there. An update edition would be nice as many gardens have changed their offerings. Still, an indispensable guide.

The info is great, but the photo reproduction was not up to the iPadPro. The pictures were fuzzy, sometimes showed pixels, and in general were disappointing.

Lots of fantastic gardens to visit in Philly- Gardens are all listed with times etc. Plan a visit you wont be disappointed and I love Horticultusand Chanticlear the best.

What a great read. Having been to most of these gardens it was a great pleasure to read and the photography is beautiful.

A beautiful book sent very quickly....thank you.

There are some gardens in here I've never heard of...and I've lived in the Del Val since birth! Great reference guide for our Garden Club outings!
