"All hunters know the value of pausing to carefully examine their surroundings. Steve Chapman does just that in this devotional collection, aiming his keen powers of observation at matters of faith, and life in general, from the elevated perspective of a deer stand. Journey with Steve to a quiet spot in forest or field, and listen carefully for God's voice." — Kent Kiefer, Sr. Vice President, Operations, Focus on the Family

"Once again, Steve Chapman has opened the door to the hunter and allowed us to see God in the outdoors. What a tremendous book to carry along and enjoy in our favorite treestand or blind. I highly recommend that all those who love the outdoors spend time with Steve as he once again takes us

into the woods and shares his Love for God with the reader. Donald Hicks

Steve Chapman and his wife, Annie, are award-winning musicians who take their message of Christ-centered family to fans all over North America. Steve's enthusiasm for Jesus, family, hunting, and humor shine in his books, including *A Look at Life from a Deer Stand* (nearly 300,000 copies sold), *The Hunter's Cookbook* (with Annie Chapman), and *Great Hunting Stories*.

GREAT BOOK! Got it for husband's birthday. Before giving it to him, used a couple devotionals from it during a 5 sister trip. Husband read it non-stop (almost) from cover to cover. We've shared it with my son. We've both purchased more copies to share with other friends and relatives. Steve Chapman is a very good author from my perspective - it's written through personal experiences and extremely easy for the reader to project himself into the situation. Very humorous and very Christian. Highly recommend this to anyone who enjoys light reading, likes to laugh out loud, and loves the Lord!

This devotional is just what I needed. It has practical application that as an outdoorsman, father, husband, and Christian I could apply on a daily basis. I have started my day with this devotional for the past 70 or so days. There are so many things in this devotional that I have been able to relate to. I am just finishing it and have told countless other men in my life about "A Look at Life from a Deer Stand."

The cover of the book was put on backwards. And the pages of the entire book is upside down. I contacted and they had great customer service and delivered me another book, which came in perfect condition. The previous book must have just been a fluke thing. My boyfriend loves this book and finds the short stories a good read.

If you have a hunter in your family, they will really be able to relate to this devotional.....even if they aren't believers! My husband has so enjoyed having a devotional that speaks to him on his level and through something he loves so much.....hunting!

This is an outstanding book to read. I bought this one as a gift for my brother. I own my own copy that I bought a year ago. It is several short stories that a Hunter can read while sitting in a deer

stand or a duck blind or out fishing. It has a lot of Christian contact. You won't be disappointed by this book.

The book was a lot smaller than I was expecting. Other than the compact size its fine.

I have already read it twice and will probably read it a couple more times at least. Each time through I pick up some new tidbit of information or insight about nature and life.

Excellent Christmas gift!
