Toward The African Revolution (Fanon, Frantz)

Synopsis

This powerful collection of articles, essays, and letters spans the period between *Black Skin, White Masks* (1952) and *The Wretched of the Earth* (1961), Fanon's landmark manifesto on the psychology of the colonized and the means of empowerment necessary for their liberation. These pieces display the genesis of some of Fanon's greatest ideas; ideas that became so vital to the leaders of the American civil rights movement.
