CDL Exam Secrets - CDL Practice Tests & Air Brakes Endorsement Study Guide: CDL Test Review For The Commercial Driver's License Exam

Synopsis

Includes CDL Practice Test Questions Get the test prep help you need to be successful on the CDL test. The CDL Exam is extremely challenging and thorough test preparation is essential for success. CDL Exam Secrets Study Guide is the ideal prep solution for anyone who wants to pass the CDL Exam. Not only does it provide a comprehensive guide to the CDL Exam as a whole, it also provides practice test questions as well as detailed explanations of each answer. Our CDL study guide includes: A detailed overview of the CDL Exam A guide to general information An examination of general knowledge A breakdown of basic control of your vehicle An analysis of communication A full study of space management An in-depth look at hazardous conditions Comprehensive practice questions with detailed answer explanations It's filled with the critical information you'll need in order to do well on the test: the concepts, procedures, principles, and vocabulary that the Commercial Driver's License (CDL) expects you to have mastered before sitting for the exam. The General Information section covers: Getting your CDL Serious violations The General Knowledge section covers: Inspection of vehicle Emergency equipment Steps for vehicle inspection The Basic Control of Your Vehicle section covers: Skills Shifting gears Backing safely Mirrors The Communication section covers: Signaling The Space Management section covers: Space ahead Speed and stopping Braking Steering to avoid crashing The Hazardous Conditions section covers: Night driving Cold weather driving Safe speed Equipment failures Crashes Hazardous materials These sections are full of specific and detailed information that will be key to passing the CDL Exam. Concepts and principles aren't simply named or described in passing, but are explained in detail. The guide is laid out in a logical and organized fashion so that one section naturally flows from the one preceding it. Because it's written with an eye for both technical accuracy and accessibility, you will not have to worry about getting lost in dense academic language. Any test prep guide is only as good as its practice questions and answers, and that's another area where our guide stands out. Our test designers have provided scores of test questions that will prepare you for what to expect on the actual CDL Exam. Each answer is explained in depth, in order to make the principles and reasoning behind it crystal clear. We've helped thousands of people pass standardized tests and achieve their education and career goals. We've done this by setting high standards for our test preparation guides, and our CDL Exam Secrets Study Guide is no exception. It's an excellent investment in your future.

Customer Reviews

This product is very much worth purchasing. I am a medic firefighter and taking engine operator class, this book works dually ...it assists very well with engine operator class and also skills portion as well as preparing for cdl exam thru DOT. Great customer service.

My husband purchased this book to help him study for his CDL. He said the study guide is just what he needed, it's compact, useful and straight to the point. The way the book is set up and the information is presented makes it much easier to understand the information. The practice questions and the answer key makes it easy to know if you studied the chapter enough.

Helpful book to study for cdl. Example question. At least you will know what is going to be on test

Don't count on this guide to help you pass the written tests. 1st, there aren't any "SECRETS" in this handbook, it is merely a "SAMPLE" test with answers, & although I memorized every question and answer in the "General Knowledge Test" section of this handbook, I only found 2 of these questions in the portion of the test I took down at the DMV.....So, I failed. I got 11 wrong in only 35 questions, because I had never seen the remaining questions before. Wasted \$16 in test fees at the DMV, and have to go back and re-take it.

Delivery was very fast like promised. Great study guide this book has really helped me get a better understanding on all parts of a truck and all instruments I feel very confident that i'll pass the exam when I go take it.

I found the book well laid out. Easy to follow. Material presented was relevant and thorough.

The book gave me everything I needed to pass the exam.

This guide is simple and easy to use, a good study tool. Works well with my other study guide.
