Whimsical characters with cute anime eyes and style show off many different clothes, dresses and costumes. This is a coloring book for grown ups with lovely flower and other themed backgrounds. Sit down and enjoy some stress relieving coloring!

Mindful Coloring Books is an independent coloring book publisher created to share the joy of coloring with everyone! Whether you color for fun, relaxation or to stimulate your creativity Mindful Coloring Books has something for you. Creating coloring books began as such a marvelous experience and quickly turned into a fun and creative adventure.

Kawaii is the Japanese word for cute. The movement in their art is to have simplified artwork that is

very cute and feminine. While I found some of this coloring book to be almost manga in its detail, there is still a cute factor and simplistic facial features that moves it into the kawaii category. There are 20 designs that feature young women dressed in a variety of fashions. The girls are set in a background setting as well which adds a lot of detail to the coloring experience. Along with the 20 full size pages, there are 6 sample pages from several other Mindful Coloring books as well. This is what I experienced when coloring in this book and testing my coloring medium on the paper. In the comments section below, I will include a list the coloring medium I used for testing and which I also use for coloring. 20 Kawaii Girl Designs with emphasis on fashions plus 6 bonus pages Printed one side of the page Paper is thin, slight rough, white and non-perforated Glue bound Designs do not merge into the binding area. There is plenty of room to cut out pages if you choose to do so. Designs all have framing lines around the outer edge to give the colorist a natural stopping point. Alcohol-based markers bleed through this paper rapidly. Water-based markers bleed through in spots. Gel pens and India ink pens leave shadows on the back of the page. India ink pens can bleed through in spots if you apply the ink heavily or in multiple layers. Colored pencils work well. I tested both oil and wax-based and had good results with both. I was able to lay down good color, layer the same and multiple colors, and blend easily using a pencil style blender. Hard lead pencils can leave dents through the paper. I use a blotter page of card stock to keep seeping ink and dents from damaging the pages below my working page. A couple of pages of heavyweight paper works well, too.

Such a cute book to color in. This is my first kawaii style coloring book. Love the illustration.

really like the art work, almost finished with the book

This is a very cute book. I will enjoy coloring it. The drawings are so adorable, can't decide which picture to start first. Not disappointed at all!!

More samples of other books than what I tried to buy. Good thing is the samples look like fun

This is such a cute and fun book to color. It takes a lot for me to color a full picture in one sitting...this book I can easily. It's not got intricate drawings, which is great for someone like me that gets overwhelmed by the truly intricate books.

Very cute book!

These images are so sweet! My husband thinks some of them are a bit flirty, or even sensual in the outfits or poses so keep that in mind! I just find them adorable and fun to color the ruffles, hair and cuteness!
