I almost wore out the first edition . If you like to read about healing herbs and their uses this is the book for you.

Very informative book! I am satisfied with this purchase!

Interesting information. I gave as a gift.

Wonderful go to for natural healing

Very interesting read.

new

Love it

some of this stuff might just work. I hate taking the chemistry class stuff that the doc's are paid to give us , and then tell us how wonderful this stuff is. Then you get to read the grocery list of side affects it can give you when to pick your script up. Good luck folks, and stay away from the hospitals. People die for no reason in there. yes there is a reason, and it's called incompatence.
