All Cats Are Grey In The Dark (The Celtic Witch Mysteries Book 3)

Synopsis

The third volume following the magical mystery adventures of Bron the Welsh hedge witch, her American cousin Maddie and their crazy bunch of friends (and enemies). Herbs are good for you, right? Maybe not so good for one person - who's found dead beside a cauldron of magical herbs. Glittery, frilly Sian Pederi is running a course up in the hills called "Unfurl Your Inner Spirit" and it's all path working, ley lines, drumming and vegan food ... until the corpse rocks up. Bron needs to get to the bottom of it, but literally everyone wanted this person dead and even Bron herself could have cheerfully hit them with a tree branch. She's got other problems, too. Harkin, her cat, is obsessed with the number three. Her mad Great Aunt might, or might not, be plotting the demise of her actual nemesis Elsie Delaney and hunky police officer Adam is being just so impossibly nice. With more Celtic folklore, faeries, druids, helpful vicars, London journalists and random hippies than you can shake an authentic hand-carved sigil-adorned harp at ... welcome back to the crazy world of Llanfair!

Customer Reviews

I hope Molly Milligan knows that she can NEVER stop writing this series for the rest of her life! Although I do enjoy a lot of the wacky paranormal, witchy fiction out there--it is really interesting to read how different authors interpret witches--this is the most realistic depiction as well as a more in-depth storyline.

First, a suggestion for the author. Raise your prices! These books are too good to sell this cheap. Good stories, good characters, and great plots.

Once I started I lapped up these books in this series like a cat takes cream! I love the atmospheric quality and the way this story pulls from so many ancient tales, it gives it so much depth.

I have completely enjoyed this series, the characters are interesting and not unlike people you know. The story holds your interest and gets more intense towards the end, recommended reading.

Each story I read in this series gets better and better! I love the characters and the Celtic lore! Ready to start book 4. Hope book 5 isn't too far off!

Really great plot twists and outstanding ending. Again, outstanding follow on for series and really looking forwards to book 4

Improving

Couldn't put the books down. This series is so entertaining. I love the setting: Wales. It seems to have its own magic!
