Customer Reviews

Anyone who is interested in Crowdfunding has to read this book. Whether you have a project or a company to fund, or want to be an investor/funder, Sally Outlaw's books provides

you with all of the essentials to understand this dynamic and rapidly growing alternative financing source. The concepts are clearly outlined and presented in a manner that makes the book easy to read and understand, even for those with limited knowledge of the area. There is a compelling mix of basic concepts, theories and practical tips that are invaluable to anyone who is currently, or may in the future, become involved with Crowdfunding.

I like that this book was written by someone with such deep "hands-on-experience" in the crowdfunding industry. It shows! CASH FROM THE CROWD is a must read for anyone launching a campaign. I found the section on "how to prepare a campaign" to be especially helpful. I also liked seeing the comparison of a failed campaign and then when it was successfully re-launched after improvements were made. If you have a great idea for a new business or creative project but don't have the money to fund it, buy this book and learn how to make it happen....I found it essential reading.

This is a practical guide for anyone planning to seek crowd funding. Ms. Outlaw has obviously "been there and done that". Her experience with this kind of financing shines through, and her step-by-step guidelines are must reading for those contemplating this route. She speaks to today's young entrepreneurs in their language -- clearly and down to earth. It was refreshing for me as an older business person to learn more about new methods of pursuing one's dream of starting a small business.

Whether you are looking to crowdfund or just looking to learn more about this trend that has create so much buzz, this book is a must read. Containing real world examples and testimonials from crowdfunding veterans, this is a great resource for understanding all of the ins and outs of successfully crowdfunding.

When I did my Kickstarter for the iOgrapher I had to learn as I went. It was an extremely stressful time! There were no all encompassing books at the time about crowd funding. IF I had this book I would have done so many things differently. I implore you read this book before you enter the crowd funding world! You will be happy you did! Great job Sally!

This is a wonderful guide that helps shows how to prepare for campaign launch, how to gain awareness for your campaign, get funded, and how to follow up after the campaign.
