Customer Reviews

"This book will satisfy the need for a textbook on the music industry that emphasizes its entrepreneurial facets . . . Summing up: Recommended" (CHOICE)

“Bruenger offers a highly useful text to those entering or stalled in the business, who are desperately seeking expert guidance. Making Money, Making Music[™] gives, for the first time, a publication that is well steeped in research but has access points that will be meaningful to both students and younger professionals. Bruenger has a significant position in creating studies in the field and writes with lucid authority and a welcome lack of ideology.”
• Mitchell Korn,[™] founder of MitchellKornArts, Advisor for Edify Technologies, Inc. and Adjunct Professor of Music and Community at the Blair School of Music, Vanderbilt University
“Making Money, Making Music provides great historical context. It’s a very interesting read, with

great research on the topics covered. I think this original work is stimulating, excellent, and very well written. — Kim Wangler, Associate Professor and Director of Music Industry Studies, Appalachian State University — “I found Making Money, Making Music absolutely fantastic. Bruenger has uncovered a link in the chain that binds the emerging entrepreneurial musician and a more entrepreneurial industry. — Gary Beckman, Director of Entrepreneurial Studies in the Arts, North Carolina State University
