LSAT Prep Book: Quick Study & Practice Test Questions For The Law School Admissions Council's (LSAC) Law School Admission Test

Synopsis

Includes Practice Test Questions Get the test prep help you need to be successful on the LSAT. The LSAT is extremely challenging and test preparation is essential for success. LSAT Quick Study is the ideal prep solution for anyone who wants to pass the LSAT. It's adapted from the LSAT Secrets Study Guide. Not only does it provide a guide to the LSAT as a whole, it also provides practice test questions as well as detailed explanation of each answer. LSAT Quick Study includes:

- An overview of the LSAT
- A guide to the reading comprehension test
- An in-depth look at the analytical reasoning test
- An examination of the logical reasoning test
- Practice questions with detailed answer explanations

It's filled with the critical information you'll need in order to do well on the test: the concepts, procedures, principles, and vocabulary that the LSAT expects you to have mastered before sitting for the exam.

- Reading Comprehension
- Analytical Reasoning
- Analytical Reasoning
- Logical Reasoning
- The Writing Sample

These sections are full of specific and detailed information that will be key to passing the LSAT. The guide is laid out in a logical and organized fashion so that one section naturally flows from the one preceding it. Because it's written with an eye for both technical accuracy and accessibility, you will not have to worry about getting lost in dense academic language. Any test prep guide is only as good as its practice questions and answers, and that's another area where our guide stands out. Our test designers have provided test questions to help you know what to expect on the actual LSAT. Each answer is explained in depth, in order to make the principles and reasoning behind it crystal clear. We've helped thousands of people pass standardized tests and achieve their education and career goals.

Customer Reviews

This book is an okay book. It has some good tips on the structure of the LSAT and how to approach each section, but the practice test is totally bogus. It is a very shortened, dumbed down version of an official LSAT test, so it would perhaps be good as a very first foray into a LSAT practice test. I ended up returning it, as I found other books to be more helpful.

I just got my study guide so I haven't had much of an opportunity to read it but from what I see so far, the book will be very helpful. It outlines what to expect from various sections of the LSAT and the best way to approach it. The book also includes study questions. I already feel more comfortable with the idea of my having to take the test and the fear of not being prepared. I look forward to getting more in depth with the book.

I was the first one to order the book at . It is very helpful and I love it. Thanks a bunch.

More practice questions would be beneficial. Learning how to take the test is great but practicing the question types is when you really begin to understand and see what it will look like in the actual exam.

This guide is a must have for anyone prepping for the LSAT. First of all, this guide is a 2017 edition, so I know that it has the most up to date content. Many of the other guides that I saw were from last year and beyond, so this was a big deal to me (and also something to watch out for). Actually, this guide is pretty thin--definitely much less intimidating than the huge, heavy guides that some of my friends were carrying around! This guide is well written and easy to understand. This guide is broken up into sections, so you can go right to the area that you want to focus on without having to do a ton of searching or reading the guide from cover to cover to get the most out of it, which saved me a lot of time! I also thought that the practice questions were very similar to those on the real test, so I felt more confident about my score. I would recommend this guide to others who are looking for a general idea of what to expect and a good guide for a great price.

This study guide is a great way to prep. I definitely think its one of the better study guides. The

information is up to date, plenty of study questions with detailed answers and reasonings.

Everything is organized, easy to read through and understand.

Another awesome guide by Mometrix! The book prepares you for the Law School admissions test as required by the Law School Admissions Council. The guide reviews all the topics, providing practice questions and giving detailed explanations. I would definitely recommend this book to all who are planning on taking the admission test.

What I like about this book is that it is not overwhelming. It has great study tips and test taking strategies. There is an offer for free DVD. The book also has a practice test. This is a great addition to your other LSAT materials but probably should not be the only source you use. The cost is great and you get good bang for your buck. However, it may be a good idea to use it last once you've established a good base of material.
