Another great coloring book by Jade Summer. This one is so fun and light hearted. All ages can enjoy coloring it and being creative. Love it!

Super cool book

Coloring book has over 50 fun emoji pages to color. I colored one page with Copic Sketch markers. These pages are also suitable for colored pencils and water-based markers. I really like they are all black on the back of each coloring page so the markers don't show up on the back. Includes free PDF file so you can reprint the pages as many times as you want. It's nice to be able to use different colors or mediums on reprints.

I have a pdf version so i cant comment in paper or anything but its a Wonderful emoji coloring book. Lots of fun and different emoji pages. Great looking artwork again by Jade. You will find pages full of different emojis, emojis on a boat, at a candy store, along with pages of just simple emojis all over it. I had been looking for a coloring book like this for some time and everyone I had found really weren't that great until now!

I love the whimsy of this coloring book. Anytime I've had a rough day, I'll pull this book out to color some emojis. The Jade Summer team puts together another great coloring book. I own a few at this point. This one includes art drawn by them plus they gave credit to the website where they pulled the individual emojis. This book doesn't have any duplicate drawings which means that gives you a lot of choices to color depending on your mood. All Jade Summer coloring books offer a free .PDF version of the coloring book that you may download with the special code in the back of the book. Additionally, the pages are printed single sided but unlike most coloring books that printed with single sided pages, the backs of these pages are black. I still use a blotting page behind each page when I color because I don't want any ink from my markers or gel pens to bleed through to the next page. Most of the pages in this book have a lot of detail in the drawings which means that it takes me a long time to color one page. I'll usually color in this book when I am super relaxed because of the attention to detail that it required. I would like to have some less complex drawings in the coloring book which is the only reason for dropping one star from the review. I would recommend this coloring book to my friends and family!

Emoji is everywhere. He travels all over the world and under the sea. He is always smiling and

uplifting. Definitely purchase this book as it will make you smile. It is such a fun book. There are many, many pages to color and enjoy. I can really be creative in my coloring of these designs. I love the pages with the camel and turtle. This Emoji is not afraid to travel anywhere. This is a highly recommended book by me.

E M O J I everywhere. This book is loaded with them. In different settings for different feelings and occasions. 50 unique images. Single sided printing and a free PDF. Grab this for those Emoji freaks in your life and have hours of fun.

Tons of fun and pages to color . I love emojis, no sentence is complete without one ã Â Â^Âf This is very lighthearted and fun. This is one you can enjoy with the family. So if your kid wants to join in the fun all that have to do is pull up a chair. Make sure you stock up on yellow, you'll probably use plenty of it.
