Customer Reviews

Text: English, Hebrew

I have had this book for over 30 years. It was like a how-to bible for me on Jewish practice. I loved it and wanted to give one to my daughter now. Book came in pretty good condition. While many addresses and phone numbers no longer be current, I still believe this is a critical addition to any Jewish household. There is so much valuable knowledge, insight and pictures. And frankly, the whole 70s theme of it is kind of fun to read. You get an earthchild sense, but I love it and highly recommend. Also, the Second and Third Catalogues are also good, but the First one is the best!

Classic book especially for someone who is re-connecting with their Jewish roots. VERY thorough.

No problem with order. Had lost my copy, and needed a replacement.

Well, let's say ONE of my bibles on Judaism which cannot be reduced to one book no matter how well done. Great pictures and understandable to a non-Jewish person like myself - I bought it in the

1970's and have nearly worn it out over the years. Still have a lot to learn and this book will be a primary reference...EVEN with the internet search engines we now have.

good book, a lot of information.

This is the Original Jewish Catalog; my challah recipe is from this book and so are other women's in Knoxville, Tennessee. We all had a copy in the late 70's. Glad to see I was still able to get a copy. Better than all Catalogs since this one. Can't go wrong with a Bride's gift.

One of my favourite reference books AND just simply reading books. I just love it and no matter where I have lived, one incarnation or another of this book has occupied my bookshelf...and when the copy gets too old and used and not readable anymore, a new copy is ordered.

I am a recent convert to Judaism after discovering my Jewish ancestry. I am enjoying this book immensely. It is filling some of the gaps in my knowledge of Jewish living.
