Francesca Davis DiPiazza is an author and editor of books for young readers. She has written several Visual Geography Series® titles, including Mali in Pictures, Sudan in Pictures, Libya in Pictures, New Zealand in Pictures, and Zimbabwe in Pictures.

Great for kids. My great grandson loved it. He was studying about Bolivia in school and the book helped him a lot.

I am a 27 year old who enjoys geography, history, sociology, etc. This series of geography books is very informative for both kids and adults. BUT, it is actually a 5th grade social studies type book. That's exactly what it is. Don't give it a bad review because you thought it was something else. I am a college graduate who enjoys this series.

This book was a big disappointment. I bought it thinking that my daughter who just returned from Bolivia would enjoy having it as a coffee table book. It is more like a 5th grade social studies book and not worth the \$29.00 at all!! I do not recommend this book.
