Ryan The Heartless

Synopsis

This is a work of humorous fantasy as well as political parody. Any persons who actually exist are public figures and depictions here are exaggerated and used for purposes of satire and political commentary as protected by law and the first amendment of the US Constitution. This is the sequel to Donald Trump: Necromancer and I Was a Teenage Were-Panda. In this installment the heroic band of revolutionaries, including a scientist with a mechanical hand, a son of a titan, and a vampire folk singer, make a stealth raid on Capitol Hill and confront the evil Necromancer in Chief as well as a surprisingly formidable speaker of the house.
