Customer Reviews

Beezix has been publishing quick reference computer guides for trainers, training companies, corporations, and individuals across the US and Canada for the past 20 years. Founded by trainers, extensive industry experience made us aware of the need for a line of high-quality guides that were clear, accurate and concise. Our cards are designed for casual computer users right through to trainers and help desk staff.

good

Huge help. Love it.

I bought this chiefly to have a handy reference for the shortcut keys, although the other tips would have been helpful. However, the shortcut keys for increasing or decreasing brush size and increasing or decreasing brush hardness are not correct, just as one example. I have checked the Adobe list of shortcuts to verify my feeling on this issue, so I have to wonder how useful this reference would be to anyone. I suppose it would be a good way to review specific topics, but since setting brush size is so fundamental to workflow, I have to give it only two stars because this is such a grievous error.

great product and arrived on time.

AOK.
