We The People: An Introduction To American Politics (Ninth Essentials Edition)

Synopsis

Content instructors trustâ •in a low-priced, very brief textWe the People is the best text for showing students that politics is relevant to their lives and that political participation mattersâ •especially in the digital age. Based on the full-length text, this low-priced, very brief text offers authoritative coverage of the core topics in American politics. New coauthor Caroline Tolbert brings expertise in political behavior to deep revisions of key chapters, and new Digital Citizens boxes highlight the role of new media in politics.

Benjamin Ginsberg is the David Bernstein Professor of Political Science and Chair of the Center for Advanced Governmental Studies at the Johns Hopkins University. He is the author or coauthor of 25 books, including Presidential Power: Unchecked and Unbalanced; Downsizing Democracy: How America Sidelined Its Citizens and Privatized Its Public; Politics by Other Means; The Consequences of Consent; The Worth of War; and The Captive Public. Ginsberg received his PhD from the University of Chicago in 1973. Before joining the Hopkins faculty in 1992, Ginsberg was Professor of Government at Cornell. His most recent books are The Fall of the Faculty: The Rise of the All-Administrative University and Why It Matters; What the Government Thinks of the People; and Analytics, Policy and Governance. Theodore J. Lowi has been John L. Senior Professor of American Institutions at Cornell University since 1972. He was elected President of the American Political Science Association in 1990 and was cited as the political scientist who made the most

significant contribution to the field during the decade of the 1970s. Among his numerous books are *The End of Liberalism* and *The Pursuit of Justice*, on which he collaborated with Robert F. Kennedy. Margaret Weir is Professor of Sociology and Political Science at the University of California, Berkeley. She has written widely on social policy in Europe and the United States. She is the author of *Politics and Jobs: The Boundaries of Employment Policy in the United States* and coauthor (with Ira Katznelson) of *Schooling for All: Class, Race, and the Decline of the Democratic Ideal*. Weir has also edited (with Ann Shola Orloff and Theda Skocpol) *The Politics of Social Policy in the United States*. Caroline Tolbert is Professor of Political Science at the University of Iowa, where she regularly teaches the introductory American government course and was awarded the Collegiate Scholar Award for excellence in teaching and research. Her research explores political behavior, elections, American state politics, and the Internet and politics. Tolbert is coauthor of *Digital Citizenship: The Internet Society and Participation*; *Why Iowa? How Caucuses and Sequential Elections Improve the Presidential Nominating Process*; and *Virtual Inequality: Beyond the Digital Divide*. *Digital Citizenship* was ranked one of 20 best-selling titles in the social sciences by the American Library Association in 2007. Her latest coauthored scholarly book is *Digital Cities: The Internet and the Geography of Opportunity*. She is President of the State Politics and Policy Section of the American Political Science Association. Robert J. Spitzer is Distinguished Service Professor of Political Science at The State University of New York at Cortland. He is the author of 15 books, focusing in particular on the presidency, gun policy, and the Constitution. Spitzer's books include *The Presidential Veto*; *President and Congress*; *The Presidency and the Constitution* (with Michael Genovese); *The Politics of Gun Control*; *The Right to Bear Arms*; and *Saving the Constitution from Lawyers*. His most recent book is *Guns Across America*. He is also a regular contributor to the Huffington Post and many newspapers.

This is good for a textbook. I bought it for my political science class. The boring part is that, in each chapter it covers a lot of case examples (state vs. etc.) But within the first 5 chapters the reader will gain a clear understanding of how the constitution and the bill of rights came to be, and how it allows us the freedoms to do a lot of things today, that we take for granted

Shipping took way to long. I am now three chapters behind in my class. book is fine though.

This is the first time I've bought anything on , it was a really easy purchase and I now am buying more books online through kindle it's awesome I like it especially for rentals. The book itself is

slightly different from the book my teacher uses but only because it's a different edition, overall the book is in good condition to use, I'm happy with it.

It's a text book. If you're buying it, it's probably required reading for a class so I doubt that you care very much about the reviews it's getting. It was pretty easy to read and understand though, so it's got that going for it. Definitely not as boring as a lot of the texts I've been forced to read in my decades of schooling.

Can't wait to finally learn\ understand what I should've figured out in high school. Whew.

Had to buy it for school. Some of the stuff in it is worth the information but the way it's written sounds like someone trying to guilt you into agreeing with everything the government does

This is the textbook required for an introductory politics class. The layout is study-friendly and easy to understand, and having the vocabulary words defined in the pages' margins is really helpful.

Very informative textbook filled with up to date information about how our government originated, its functions, responsibilities, duties, all the way up to Obama's Administration. Very pleased with this textbook and its contents for my College Government class!
