Another neat book by these guys. Got this for my wife to explain how much I love her. She got me the more romantic one about love so I bought this one and just updated/changed some of the pages to be more romantic. Nice, inexpensive gift that is a lot of fun. I guarantee the person who gets it will enjoy it, and there is always the "rediscovery" of finding it and rereading it while remembering the person who made it for you.

I bought this book to help my husband out for Valentine's Day (men don't do so well with words). Very glad that I did. It's a wonderful way to have a constant reminder you can actually hold in your hand and read, of how special someone thinks you are! Would make a great gift to fill out and give to a friend or loved one!

Would give another star if it was bigger. It was so small. I don't recall if it had specified actual size...but...i wish it was bigger. Content was great though.

Great gift for grandpa on Father's Day! The kids had fun writing in it and grandpa enjoyed reading it!

It is very small (pocket sized), but that worked perfectly for the gift we wanted to give.

Fun gift for a special birthday. Book is a bit small for writing more than 2-3 word comments.

It's a really cute book. Got it for my husband. He loves it. It's a very small book though

This was super cute and my friend loved receiving it. Really fun to fill out!
