The Celtic Tree Oracle: A System Of Divination

Synopsis

Within this unique kit lies the secret language of the Celts. To lift the lid is to discover an ancient method of communication--and a means of divination. In the Celtic Ogham, also known as the tree alphabet, each letter embodies the spirit of a tree or plant, here represented on a richly decorated card. Whatever your question, doubt or worry, the 2,000-year-old wisdom of the Celtic tree oracle provides remarkable guidance and insight for today's hectic world. Contents: 25 beautiful tree cards, 128-page illustrated book of explanation, record sheet and pad. Discover the power of this ancient alphabet for yourself, with this extraordinary divination tool.

Customer Reviews

Colin Murray (deceased) founded the Golden Section Order--a society dedicated to the preservation of Celtic lore. The Order, and its hand-illuminated magazine, the New Celtic Review, soon gained international renown. Following a serious car accident, Colin became inspired to research ancient Celtic tree wisdom, and this led him to devise the Ogham cards. His wife Liz continued his work after his death, bringing his Ogham divination system to fruition in *The Celtic Tree Oracle*. Vanessa Card is a freelance illustrator who has worked on several books projects including the popular Treasure Chest series from Running Press.

Soft and gentle as the Celts' were, yet rich with history and folklore. Brilliantly written in this subject, one could immediately identify with the knowledge being given. Pocket size information on each item was unique and concise all at the same time without wading through pages of lore and

history. Not that the larger volumes do not have a part to play in teaching the subject at depth, it is just so cute and informative to have the pocket addition for quick reference if the need requires it. Cards were beautifully designed and printed and the whole package has become a welcome addition to my special library.

this book is an excellent resource if you're ready to learn about and use the Ogham cards. The fact that it comes with the cards--which are a nice size and nicely decorated--is a definite plus!

Probably one of the most referenced books I have for the Ogham and for doing readings. Very helpful guide.

A classic in the field, and for many years one of the only contemporary books available on Ogham and their use as a divination tool.

Got this for my husband. He really loves this book! What a great purchase.

I'm very satisfied with my new game of Cards, the booklet is small so one has to fill up from other sources, like Michael Kelly, but the cards themselves give a great feeling of significance and seriousness. It's a good som

One of the first oracle decks I have ever used. And still one of the most accurate and complete oracles for seeing into the future, for better or worse you're going to get the answers to your questions! It's nice too, because it uses tree medicine, to help give you insight and healing too.

I find my Celtic heritage fascinating and had no idea, until I came across this set, that we had our own divination cards and tradition, I was delighted. There is so much more than just yet another set of divination cards, this is a history lesson for anyone interested in the Celtic traditions
