Aldrich and Wotherspoon (history, Univ. of Sydney) are brave editors, as a "who's who" for gay studies might be seen as concretizing in an area in which the constructionist/essentialist debate is still a minefield. Nevertheless, they provide an articulate rationale for this book in their introduction. In addition to justifying the "who's who" approach in general at a time when social history moves the focus to "unknown" people, they seek to include anyone of significance in the history of sexual minorities without any limits based on what the subjects did in bed. Well over 100 contributors have written the 500 entries, which range from Sappho to Andr  Gide; most entries are accompanied by a bibliography. This is a scholarly alternative to more celebratory or localized works such as Paul Elliott Russell's *The Gay 100* (Citadel, 1996). Along with the companion volume, *Who's Who in Contemporary Gay and Lesbian History*, also edited by Aldrich and Wotherspoon, it belongs in every library concerned with world history. David Azzolina, Univ. of Pennsylvania Libs., Philadelphia

..."[this title contributes] significantly to gay, lesbian, and bisexual studies and offer entries for more people and geographical locations than [similar titles]. Recommended for academic, large public and high school libraries."-"Choice, November 2001 "This is a scholarly alternative to more celebratory or localized works ... it belongs in every library concerned with world history."-Library Journal, October 1,2001

I was deeply disappointed when I received and opened this book, since I had expected a more comprehensive encyclopedia of the topic. However, the book contains only famous European people with the exception of very few entries like Jesus, Hafez, David and Jonathan. I couldn't find so many renowned Chinese, Japanese, Indian, Arabian, Persian, Turkish "Gay & Lesbian" people ! In addition, it lacks lots of celebrated Occidental persons, like the Roman emperor Galba, Juan 2nd of Castilla, Rudolph 2nd of Holy Roman empire or so , et descriptions of some items are not very detailed ----- e.g. in "Jesus" of Nazareth, there are no mention of his "the beloved" disciple, loannes euangelistes, Lazaros, or loannes Markos, ..... , but also the author does not refer to "Secret Gospel of Mark" at all, as if Jesus(Iesous) Christos was heterosexual. Hence, I think the editors should name the book "Who's Who in Famous Western Gay & Lesbian History". Nevertheless it is a very interesting and readable book not only for gay & lesbian people, but for bisexual/ heterosexual inclined men and women.
